

## **Youth and education report 2017**

This was another great year for the LOGOS program. We are seeing 45-60 youth and adults at the church on Wednesday Evenings. We had a great attendance at VBS again this summer with the help of the LOGOS Volunteers and the assistance of the Upper Missouri Ministries. We had over 30 kids attend. This coming summer the date will be in early June, which is earlier than the past. We are doing this to try to avoid some of the heat and work this into this schedule for the Upper Missouri Ministries. Once again, we had a great Christmas program and the church was as full of happy and joyous children and adults for the program, food and fellowship that evening.

LOGOS wouldn't be successful with out gracious volunteers (too many to name) from donating their time and resources. We do continue to need more volunteers for table parents, kitchen meals and clean-up. If you are interested, please contact our faithful LOGOS director Michelle Johnson at 650-7840 or there is a sign up sheet on the LOGOS bulletin board.

To view the LOGOS activities please like "WOLF POINT FIRST LUTHERN LOGOS" on facebook or check them out on the church website.

The committee also was involved in celebrating the 2017 Conferees and 2017 Graduates.

Respectfully

James Johnson, Susan Davis and Charlene Allmer
